## WELCOME!

HELLO AND A BIG WELCOME TO OUR FIRST BI - MONTHLY NEWSLETTER! **"THE EMU WHISPERER"**

We'd like to thank you for taking time to read our latest on farm information. We value our customers and trust you find our newsletters informative.

We all have experienced a rather tough and trying previous 12 - 18 months, So many farmers dealt with the never-ending drought, but still we powered through (As Aussies do)

We were then all faced with an uncertain and confusing year in 2020 with the COVID19 Pandemic.

(Luckily we all take our Emu Oil Capsules, to assist our immune systems to stay strong enough to withstand many illnesses).

Please be assured that we will continue to provide our customers with the very best Emu Oil Products that we can produce.

We had a wonderful breeding season again last year and introduced many cute little Emu chicks to our farm. It was an exciting time to watch them hatch and grow. The best time to visit our farm to see the chicks hatching and frolicking is between July and October, (Perhaps you may organise a Group Visit or Bus Tour - Open 8.30 - 4.30 Mon-Fri). It's a great

outing and a way to stock up on your Emu Oil Capsules and many other exciting natural products. Don't be shy...Come on by!

We are approaching breeding season and the farm staff are extremely busy preparing for many new fluffy feathered chicks.

Steve, Sarah and all our staff are here to ensure you have only "The very best products" for your great health and wellness. We thank you for your patronage and please keep spreading the great news about our famous Golden Emu Oil Capsules. We look forward to the future and hope this year brings good health and abundance for everyone.

## LATEST NEWS!

### NEW BROCHURE DESIGN! –

In September we released our new brochure design. We hope you are as pleased with the end result. We wish to inform you as to the most relevant and important information.

### SNOWY TURNS 3! –

Our famous white Emu Snowy celebrated his 3<sup>rd</sup> birthday last August. Now fully grown, we have introduced him to some female company. (We hope to breed a little family of "blondies"). We haven't had much success yet but his new friend Lucy

may be "The lucky one".

We will find out soon as to what the breeding season has in store for these love birds.

### WEBSITE REVAMP! –

We love the look of our new website, but most of all we love that it provides improvements for our customers. We still have further improvements to reach the standard we strive for.

**NEW PRODUCT** – Emu Heaven Pet Supplement. Providing a natural and

nutritional vitamin and mineral packed boost for your pets to increase their health and vitality...

*"Your pets will thank you!"*
